Goal 1

Goal Description

Increase Academic Performance Outcomes for Students

This is a focus goal as we are needing to increase academic performance on the SBAC in the areas of English, Math and Science. Our Language Arts Scores have declined post pandemic due to learning losses our students suffered. Math achieved lacks mobility in increasing proficient or advanced student outcomes. Our Science scores have begun to show some changes but the need is still evident. Currently, additional measures out side of SBAC such as locator benchmarks have shown promise.
